Re: Application for Partial Assignment - G-1245

Gentlemen:

We have received an application for the assignment of 70 acres from within the above referenced lease, now in the name of Walter Reece and Max B. Smith, the total lease comprising some 3600 acres. It would not appear that Inspiration Consolidated Copper Company could qualify for a grazing lease in this area within the criteria of this Department, and, therefore, prior to processing the application to assign, and then go through the statutory time involved in cancelling the new lease and reclassifying the area to "Commercial", you may wish to shorten the process by filing at this time an Application for Commercial Lease and an Application to Reclassify.

The Reclassification Application contains a statement of waiver on the back which could be signed by Mr. Reece (or Mr. Smith), and thus eliminate the appeal period for the issuance of a commercial lease.

Please let us know how you would like us to proceed in this matter. For your convenience, forms for the filing of a Commercial Lease and Reclassification are enclosed.

Very truly yours,

Katie B. Mott
